Re: Kentucky Motorcycle Rider Education Program FY15

Dear Ruth Edwards:

I am writing with our annual correspondence regarding the impact of the Kentucky Motorcycle Rider Education Program housed at Eastern Kentucky University.

Since the Program's inception in 1994, there was a steady increase in the number of participants each year with a spike in 2008. Since 2008, the number of participants has levelled off each year. In 1994, a total 531 participants were trained. In 2014-2015 Fiscal Year, 3,085 participants registered for a RiderCourse. From 1994 – June 30, 2015 a total of 59,035 people have participated in a RiderCourses. According to *Kentucky Traffic Collision Facts 2014 Report*, Kentucky had 127,720 registered motorcycles in 2014. The number of participants trained in 2014-15 represents 2.4% of the total number of registered motorcycles. At this time, however, the KY Rider Education Program has no manner in which to report what percentage of total registered motorcyclists had taken a RiderCourse. Based upon the Motorcycle Safety Foundation's criteria, this percentage makes Kentucky one of the top training programs in the country.

The Kentucky Motorcycle Program (KMP) currently has 19 training facilities across the Commonwealth. Each facility encompasses an approximate 50-mile radius, giving the residents a training site within a two hour's drive. Each Site has support from the community, local motorcycle dealers and organizations. Each Site charges a reasonable tuition fee for the courses not to exceed our established caps. Sites are located in the following locations: Ashland, Bowling Green, Elizabethtown, Ft. Knox (military only), Hopkinsville, Hindman, Lexington, London, Louisville (3 total sites, 1 military only), Morehead, Paducah, Prestonsburg, Richmond (2 sites), Somerset and Walton. There is also a Riders Edge program located at Bowling Green Harley-Davidson.

KMP currently owns and maintains 332 motorcycles and scooters. Dealerships across the state provide a discount for both maintenance items and parts for the training fleet.

KMP provides promotional material through all the Circuit Court Clerks offices and motorcycle dealerships. These materials include posters, brochures, information sheets, etc.

In accordance with KRS 186.895, the Transportation Cabinet shall prepare a biennial report for the Governor and Legislative Research Commission on the Motorcycle Safety Education Program enacted by the 1992 General Assembly.

The attached reports list:

1. The number of students trained by course year and site,
2. An inventory of motorcycles owned by the program,
3. Demographics of students taking the course, and
4. A list of approved RiderCoaches.

Budgetary: The motorcycle program is on sound footing as receipts are ahead of expenditures. The FY 2015 receipts by category:

Motorcycle Permit	\$4.00
Motorcycle License	\$4.00
Motorcycle Registration	\$4.00
Program Expenditure for FY14	\$806,712.12

#### Overall Assessment

The following is a quantitative report that demonstrates the impact of the Kentucky Motorcycle Program as of June 2015. A total of 18 Site Providers are operating programs, with additional sites being investigated. The total number of participants completing the basic and advanced courses since the inception of the program in 1994 is 59,035; this total represents participants from all of Kentucky's 120 counties. The program owns and maintains 332 motorcycles and scooters. Kentucky has 75 certified and approved RiderCoaches.

Respectfully Submitted,

Christopher Millard  
State Coordinator  
Kentucky Motorcycle Program
