Introduction

Domestic violence is a pervasive and underreported issue throughout the commonwealth that touches every aspect of the criminal justice system. It is a crime that spans backgrounds, demographics and lived experiences. It takes many forms, including physical, sexual, financial and emotional violence. Limited or inaccurate data can detrimentally impact services that are available to survivors and victims, as well as critical funding decisions, targeted investments and a general understanding of the issue.

Research from the CDC's National Intimate Partner and Sexual Violence Survey shows that **44.5% of women and 32.9% of men in Kentucky stated that they had experienced contact sexual violence, physical violence and/or stalking by an intimate partner during their lifetime and experienced an intimate partner violence-related impact** (Smith, 2023). Intimate partner-related impacts include: being fearful or concerned for safety; any post-traumatic stress disorder symptoms; injury; need for medical care, housing services, victim advocate services, and/or legal services; missing at least one day of work or school; and/or contacting a crisis hotline.

Only a portion of domestic violence incidents are captured by the criminal justice system.

According to the U.S. Department of Justice, **only half (53.8%) of domestic violence violent victimizations** (defined as instances of rape or sexual assault, robbery, aggravated assault and simple assault by current or former intimate partners or family members) **were reported to the police** (Thompson, 2023). The true prevalence and impact of domestic violence goes far beyond the scope of the data captured within this report.

Kentucky has a strong history of supporting victims of crime and investing in key services to help bring justice, healing, and security to survivors. A core mission of the Beshear-Coleman administration is combating violent crime, seeking justice for victims and supporting survivors in their moments of crisis and on their journeys toward healing. The work and collaboration among all three branches of government, including state agencies, local agencies and non-profit partnerships, have strengthened and expanded protections for victims, increased penalties for offenders and supported advocacy efforts to better address domestic violence throughout the commonwealth.

With these efforts, in 2023, Kentucky saw:

- 41,887 electronic JC-3 forms filed.
- 7,744 arrests were made for incidents involving domestic or dating violence and abuse.
- 17,036 Emergency Protective Orders were served by the Kentucky State Police.
- 15,104 individuals received services from ZeroV's 15 regional domestic violence programs.

- 23,381 crisis/hotline calls were received through ZeroV's 15 regional domestic violence programs.

When comparing the statistics in this report to the previous year, there were more emergency protective orders served by the Kentucky State Police, law enforcement filed more electronic JC3 forms, which is completed upon responding to a report of domestic violence, dating violence or abuse to track incidents and arrests and assist victims with filing for emergency protective orders, and ZeroV, the state's coalition of domestic violence shelters, received more calls to the hotline for assistance. The statistics also indicate a decrease in arrests and individuals served by ZeroV. The decrease in arrests is related to this year's report having a narrower definition of a domestic violence arrest, excluding other sex crimes.

Since taking office, the Governor has signed [Senate Bill 271](#) and [House Bill 535](#) requiring the collection and analysis of data related to domestic violence in the commonwealth, including domestic violence arrests, domestic violence shelter use and reports of child abuse. In March, Gov. Beshear signed [House Bill 207](#) into law, strengthening the language in statute to include other forms of abuse and sexual exploitation of minors.

The following agencies provided data for the report: Justice and Public Safety Cabinet's Criminal Justice Statistical Analysis Center, Kentucky State Police, Cabinet for Health and Family Services and Administrative Office of the Courts.

This second annual report continues to define the direction of this collaborative implementation, vision, and efforts to better address domestic violence. The information contained within this report continues to build upon the baseline of domestic violence-related data on which future measurements and comparisons can be performed.

About the Report

[Senate Bill 271](#), passed during the 2022 Regular Session and signed by Governor Andy Beshear, enhances domestic violence data collection and analysis by coordinating across sectors and state and local governments. Senate Bill 271 outlines the process for agencies like the Administrative Office of the Courts, the Kentucky State Police, the Cabinet for Health and Family Services and others to provide information to be compiled in a single report for statewide dissemination.

During the 2023 Legislative Session, [House Bill 535](#) updated the requirements of the report, both adding and taking away certain requirements of the 2022 bill.

The Criminal Justice Statistical Analysis Center is located within the Justice & Public Safety Cabinet and is required by statute to collect information on domestic violence fatalities, domestic violence and abuse, and dating violence and abuse within the commonwealth from. By July 1 of each year, The Criminal Justice Statistical Analysis Center produces an annual report containing the aforementioned data and submits it to the Governor of Kentucky; ZeroV ; Cabinet for Health and Family Services; the Interim Joint Committee on Judiciary; the Interim Joint Committee on Health, Welfare, and Family Services; and the Legislative Research Commission. This report satisfies the statutory requirement for the annual report.

The data contained within this report represents Calendar Year 2023, running from January 1, 2023, to December 31, 2023. The figures contained within this report were provided to The Criminal Justice Statistical Analysis Center for compilation and analysis. The original records are maintained by the respective agency.

This project was supported, in whole or in part, by subaward number ARPA-2023-Office o-00024 awarded to The Criminal Justice Statistical Analysis Center through the Commonwealth of Kentucky, Justice and Public Safety Cabinet by the U.S. Department of the Treasury. Updates to the 2023 Domestic Violence Data Report

In an effort to improve the quality and clarity of data reported in the Domestic Violence Data Report, the following changes been made:

1. The 2022 Domestic Violence Data Report reported on all JC-3 forms issued in Kentucky between 1/1/22 and 12/31/22. In an effort to clarify the scope of the data, the 2023 Domestic Violence Data Report limits the reported scope of the JC-3 forms to those with “Nature” of the report marked for “Dating Violence and Abuse” and/or “Domestic Violence and Abuse.” (*Table 1. Number of Electronic JC-3s with “Domestic Violence and Abuse” and/or “Dating Violence and Abuse” Filed in CY23, Table 2. Number of Arrests for Incidents with Electronic JC-3 with “Domestic Violence and Abuse” and/or “Dating Violence and Abuse” in CY23, Table 3. Arresting Offense Charge for an Arrest with Electronic JC-3 with “Domestic Violence and Abuse” and/or “Dating Violence and Abuse” in CY23*)
2. The 2022 Domestic Violence Data Report categorized the Emergency Protective Orders Entered in the Law Information Network of Kentucky by agency. In order to match formatting for other metrics within the report, the 2023 Domestic Violence Data Report categorizes this metric by Area Development District (*Table 4. Emergency Protective Orders Entered in the Law Information Network of Kentucky in CY23*)
3. The 2022 Domestic Violence Data Report did not include the relationship between the petitioner and the respondent for domestic violence orders and interpersonal protective orders. The 2023 Domestic Violence Data Report does include this relationship (*Table 10. Respondent Relationship in CY23*)

4. The 2022 Domestic Violence Data Report did not include information on the number of reports of alleged child abuse made to the Cabinet for Health and Family Services through an adult or child abuse hotline in which there were also allegations of domestic violence. Due to a new data element added to The Worker's Information System (TWIST), the 2023 Domestic Violence Data Report is able to report this number from April 22, 2023, until the end of the calendar year. (*Table 14. Reports of Alleged Child Abuse in TWIST with Intimate Partner Violence (4/22/23-12/31/23)*)

REPORT

Kentucky State Police

Per [KRS 209A.122](#), the Kentucky State Police shall provide the center with:

- a. The number of domestic violence and abuse and dating violence and abuse calls for service to which the Kentucky State Police and associated law enforcement agencies responded;
- b. The number of arrests by Kentucky State Police and associated agencies in response to calls of domestic violence and abuse or dating violence and abuse; and
- c. If an arrest was made, the arresting offense charged by Kentucky State Police or associated law enforcement agencies.

Separately, using data contained within the Law Information Network of Kentucky, the Department of Kentucky State Police shall provide the center with the:

- a. Number of orders of protection received to be served by law enforcement agencies;
- b. Number of orders of protection served by law enforcement agencies;
- c. Number of orders of protections in LINK; and
- d. Average time for actual service to be returned.

Kentucky State Police

The Kentucky State Police (KSP) is a department of the Kentucky Justice & Public Safety Cabinet, and the official State Police Force of the Commonwealth of Kentucky responsible for statewide law enforcement.

The JC-3 form, as outlined in [KRS 15A.190](#), was created to support domestic violence victims. A law enforcement officer who responds to a report of domestic violence and abuse or dating violence and abuse is to use the JC-3 form to document any information or injuries related to domestic violence and abuse or dating violence and abuse. In addition to completing the JC-3 form, the officer provides the victim with domestic violence community support resources. The JC-3 form is kept in the records of the law enforcement officer's agency of employment and is relayed to the Cabinet for Health and Family Services (CHFS) for their review and evaluation. CHFS provides services to qualified victims.

This report uses the JC-3 form to track domestic violence-related calls for service. It is important to note that the following set of data reflects the counts of the electronic JC-3 forms. This data is housed within the KSP records management system, KyOPS. A small number of paper JC-3 forms are submitted to the Though the information contained within all paper JC-3 forms is delivered to CHFS, this data is not fully captured within KyOPS for the purpose of analysis.

Additionally, instances of a JC-3 that include sensitive record data involving narcotics were excluded from the report due to the confidential nature of these investigations. These records

were identified by origination from the KSP Drug Enforcement Special Investigations (KSP DESI).

In an effort to clarify the scope of the data, the 2023 Domestic Violence Data Report limits the reported scope of the JC-3 to those with the “Nature” of the report marked for “Dating Violence and Abuse” (as defined in [KRS 456.010](#)) and/or “Domestic Violence and Abuse.” (as defined in [KRS 403.720](#)). Instances of JC-3 issuance that do not co-occur with “dating violence and abuse” or “domestic violence and abuse”, such as some cases of human trafficking; child abuse, neglect, and dependency; and the abuse, neglect, or financial exploitation of vulnerable adults who have a disability and cannot protect themselves, are excluded from the report.

In 2023, law enforcement filed 41,887 electronic JC-3 forms. 32,824 of those JC-3s contained a flag within the field “Nature” indicating an incidence of “Domestic Violence and Abuse” and/or “Dating Violence and Abuse.”

KSP uses the Law Information Network of Kentucky (LINK) to collect, classify, and maintain information useful for detecting crime and identifying, apprehension, and convicting criminals. The KyOPS e-Warrants system populates LINK with the Emergency Protective Orders issued by law enforcement.

KyOPS e-Warrants is the web portal for the enterprise electronic warrant repository for the Commonwealth of Kentucky. This repository has all the functionality necessary to capture, store, file, distribute, process, and securely access electronic warrants of varying types, both received

by and created by jurisdictions within the Commonwealth. For the purposes of this report, KyOPS e-Warrants provides data in Table 6 on orders of protection received and served by KSP.

Data Description

Data presented within this report was queried from Kentucky’s Open Portal Solution (KyOPS) and KyOPS e-Warrants.

The statistical report includes four tables extending across multiple pages as follows:

- **Table 1. Number of Electronic JC-3s with “Domestic Violence and Abuse” and/or “Dating Violence and Abuse” Filed in CY23**
- **Table 2. Number of Arrests for Incidents with Electronic JC-3 with “Domestic Violence and Abuse” and/or “Dating Violence and Abuse” in CY23**
- **Table 3. Arresting Offense Charge for an Arrest with Electronic JC-3 with “Domestic Violence and Abuse” and/or “Dating Violence and Abuse” in CY23**
- **Table 4. Emergency Protective Orders Entered in the Law Information Network of Kentucky in CY23**

These data respond to the elements specified in KRS 209A.122 as follows:

KyOPS:

- a. The number of domestic violence and abuse and dating violence and abuse calls for service to which the Kentucky State Police and associated law enforcement agencies responded.
 - **Table 1. Number of Electronic JC-3s with “Domestic Violence and Abuse” and/or “Dating Violence and Abuse” Filed in CY23**
- b. The number of arrests by Kentucky State Police and associated agencies in response to calls of domestic violence and abuse and dating violence and abuse.

- **Table 2. Number of Arrests for Incidents with Electronic JC-3 with “Domestic Violence and Abuse” and/or “Dating Violence and Abuse” in CY23**

c. If an arrest was made, the arresting offense charge by Kentucky State Police or associated law enforcement agencies.

- **Table 3. Arresting Offense Charge for an Arrest with Electronic JC-3 with “Domestic Violence and Abuse” and/or “Dating Violence and Abuse” in CY23**

LINK System:

a. Number of orders of protection received to be served by Area Development District.

- **Table 4. Emergency Protective Orders Entered in the Law Information Network of Kentucky in CY23**

b. Number of orders of protection served by Area Development District.

- **Table 4. Emergency Protective Orders Entered in the Law Information Network of Kentucky in CY23**

c. Number of orders of protection in LINK.

- As a dynamic and constantly changing count, the numbers of orders of protection in LINK is not easily reported. This value is best represented by the number of orders of protection received and the number of orders of protection served, seen in the previous two statutory requirements.

d. Average time for actual service to be returned.

- **Table 4. Emergency Protective Orders Entered in the Law Information Network of Kentucky in CY23**

Statistical Analysis Considerations

- These statistics represent a snapshot in time as of the date the data was queried.

- A single party may be involved in one or more cases within a period of time.
- A single arrest case may have one or more charges.
- Arresting offense charge reflects circumstances at the time of arrest but does not reflect case outcomes.

CourtNet, which provides a summary of court cases statewide, was queried separately for the criteria listed below.

- *Civil Cases Filed:* Domestic Violence and Interpersonal Protection cases (Case Number Type *D*) filed from 1/1/2023 to 12/31/2023. The eMaintenance database, which includes data related to the Electronic Emergency Protection Order (eEPO) application was queried for information about petitions related to these cases including the relationship between the petitioner and respondent.
- *Civil Cases Disposed:* Domestic Violence and Interpersonal Protection Cases (Case Number Type *D*) disposed from 1/1/2023 to 12/31/2023.
- *Criminal Cases Filed:* Criminal or Juvenile Cases filed from 1/1/2023 to 12/31/2023 including at least one of the UOR Codes identified on the attached list. Criminal Cases include Case Number Types *CR* (Circuit Criminal), *F* (Felony), *M* (Misdemeanor), *T* (Traffic). Juvenile Cases include Case Number Type *J*.

Research and Statistics UOR Code Disclaimer

The Kentucky State Police (KSP) assigns the Kentucky Uniform Crime Reporting Codes (UOR Codes) to criminal offenses in the Commonwealth of Kentucky. The KSP official list of UOR Codes by KRS number and descriptor can be obtained at the KSP's website at www.kentuckystatepolice.org. The AOC assigns and maintains codes that are used within the Court of Justice Case Management System for statistical and reporting purposes. These codes are used to identify local and city ordinances, as well as codes for general administrative purposes. The AOC official list of UOR Codes with KRS number and descriptor can be obtained at the Court of Justice Website at [Analytics -Kentucky Court of Justice \(kycourts.gov\)](http://Analytics-Kentucky Court of Justice (kycourts.gov)). The AOC UOR Code Listing is for informational purposes only and the information is subject to change, reprogramming, modifications of format, and availability at the direction of the Administrative Office of the Courts (AOC).

A query for data based on specified charges will include each UOR code specified and possible supplemental codes. Supplemental codes (or “ASCF” codes) to any UOR code include: 1) attempt, 2) solicitation, 3) conspiracy, 4) facilitation, 5) complicity, and 6) enhancement. In total, UOR codes contain seven digits. The first six digits are specific to that charge. The seventh digit indicates if there is a supplemental code. A “0” as the seventh digit means that is the primary UOR code and it does not have a supplemental code. If there are supplemental codes, the “0” will change to a 1, 2, 3, 4, 5, or 6 (the numbering corresponds to the list above). An enhancement does not exist on all UOR codes. When a supplemental code does not appear within a dataset, charge(s) did not occur during this period. The presence of “*obs” within the description of a UOR code indicates an obsolete UOR code. However, the code is still present within the

KYCourts/CourtNet database and may still be utilized. Not every UOR code included in the query will have charges associated with it in each calendar year examined. Some cases may contain multiple charges; therefore, charge counts may exceed case counts. The number of cases cannot be inferred as the number of individuals as multiple cases may have the same defendant. The AOC disclaims and makes no warranty, express or implied, nor assumes any legal liability or responsibility, for the validity, accuracy, correctness, or completeness of any information that is available and/or obtained through this listing. The recipient is solely responsible for verifying the accuracy of the information received from the official owner of the UOR Codes, the KSP. Furthermore, the AOC shall not be liable to the recipient, the recipient's heirs and assigns, next of kin or to any third party, for any and all claims, demands, losses or damages arising from the usage of this list and/or information contained therein.

Data Disclaimer

The Cabinet for Health and Family Services (CFHS), Department for Community Based Services (DCBS) does not investigate reports alleging domestic violence unless a child is involved in the incident. In response to SB 271, a new data element was implemented into the Comprehensive Child Welfare Information System (CCWIS), known in Kentucky as The Worker's Information System (TWIST). On April 22, 2023, this data element was implemented in TWIST to the intake screens and is required for all intakes. Therefore, DCBS can only report data from April 22, 2023. The data element asks: "Is this intake an Intimate Partner Violence? (Intimate Partner Violence is abuse or aggression that occurs in a romantic relationship. Intimate partner refers to both current and former spouses or dating partners)".

Between April 22, 2023 and December 31, 2023, **26,582 unique reports of alleged child abuse were made to the cabinet through an adult or child abuse hotline in which there were also allegations of domestic violence.** Table 14 shows a breakdown of these referrals by Area Development Districts. Reports that impact more than one county will appear as separate counts for the number of reports.

These data respond to the elements specified in KRS 209A.122 as follows:

- a. The number of reports of alleged child abuse made to the cabinet through an adult or child abuse hotline in which there were also allegations of domestic violence;

- **Table 14. Reports of Alleged Child Abuse in TWIST with Intimate Partner Violence (4/22/23-12/31/23)**

ZeroV

ZeroV is the statewide coalition whose mission is to abolish the social conditions and systems that spark, enable, and amplify Intimate Partner Violence and to create communities where all Kentuckians can live and thrive in safety and peace. For more than 27 years, ZeroV has been the pass-through agency for the distribution of federal and state funding that comes to the Cabinet for Health and Family Services for the provision of shelter and supportive services to survivors of domestic violence. Pursuant to [KRS 209A](#), and regulated by [922 KAR 5:040](#), ZeroV ensures the state-designated shelter programs are in compliance with programmatic and financial requirements and serves as a data collection and reporting agency for demographic and service statistics in all 120 counties. ZeroV also provides direct housing services to survivors through its nationally recognized program.

ZeroV advocates by amplifying the voices of survivors of domestic violence (intimate partner violence) through its policy work and legislative efforts; supports safe, affirming, trauma-informed care for survivors of intimate partner violence through its network of shelter programs that serve all 120 counties in Kentucky; mobilizes its members, partners, and the community to action; educates through training and technical assistance; empowers by providing survivors with housing and financial support so that they can live independently from their abusive partners; and believes that we cannot eliminate intimate partner violence until we change the cultural and social norms that allow and sanction it.

Domestic Violence, also referred to as intimate partner violence, is a broad concept with varying definitions, some of which are found in federal and state law. For purposes of SB 271, domestic

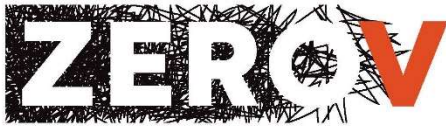

and dating violence and abuse are defined as they are in the Kentucky protective order statutes ([KRS 403.720](#) and [KRS 456.010](#)). In regard to the data provided by ZeroV for the report, in terms of the number of individuals accessing shelter and non-shelter services, domestic violence is defined more broadly as a pattern of coercive, controlling behavior that can include physical, sexual, emotional, psychological, financial (resources), technological, or verbal abuse within an intimate partner relationship. The concept of domestic violence covers individuals who are married, formerly married, cohabitating (as intimate partners), formerly cohabiting, have a child in common or are or were dating. Therefore, dating violence is assumed to be included in the data provided.

The specific definitions of services and the data points provided by ZeroV and member programs (and that are reported to CHFS throughout the fiscal year) are largely constructed by federal law, regulatory policy, and grant conditions that govern ZeroV's funding sources. The definitions for the data provided from ZeroV for this report come from the Office of Family Violence and Prevention Services which oversees the Family Violence Prevention and Services Act funding.

The data provided by ZeroV only represents those survivors who reached out to designated program members for services. Research suggests that domestic violence still remains underreported, especially amongst minority populations, to both law enforcement and domestic violence program service providers.

While all domestic violence is important to take seriously and consider as potentially lethal, the data provided does not capture the severity of abuse a survivor seeking services experienced.

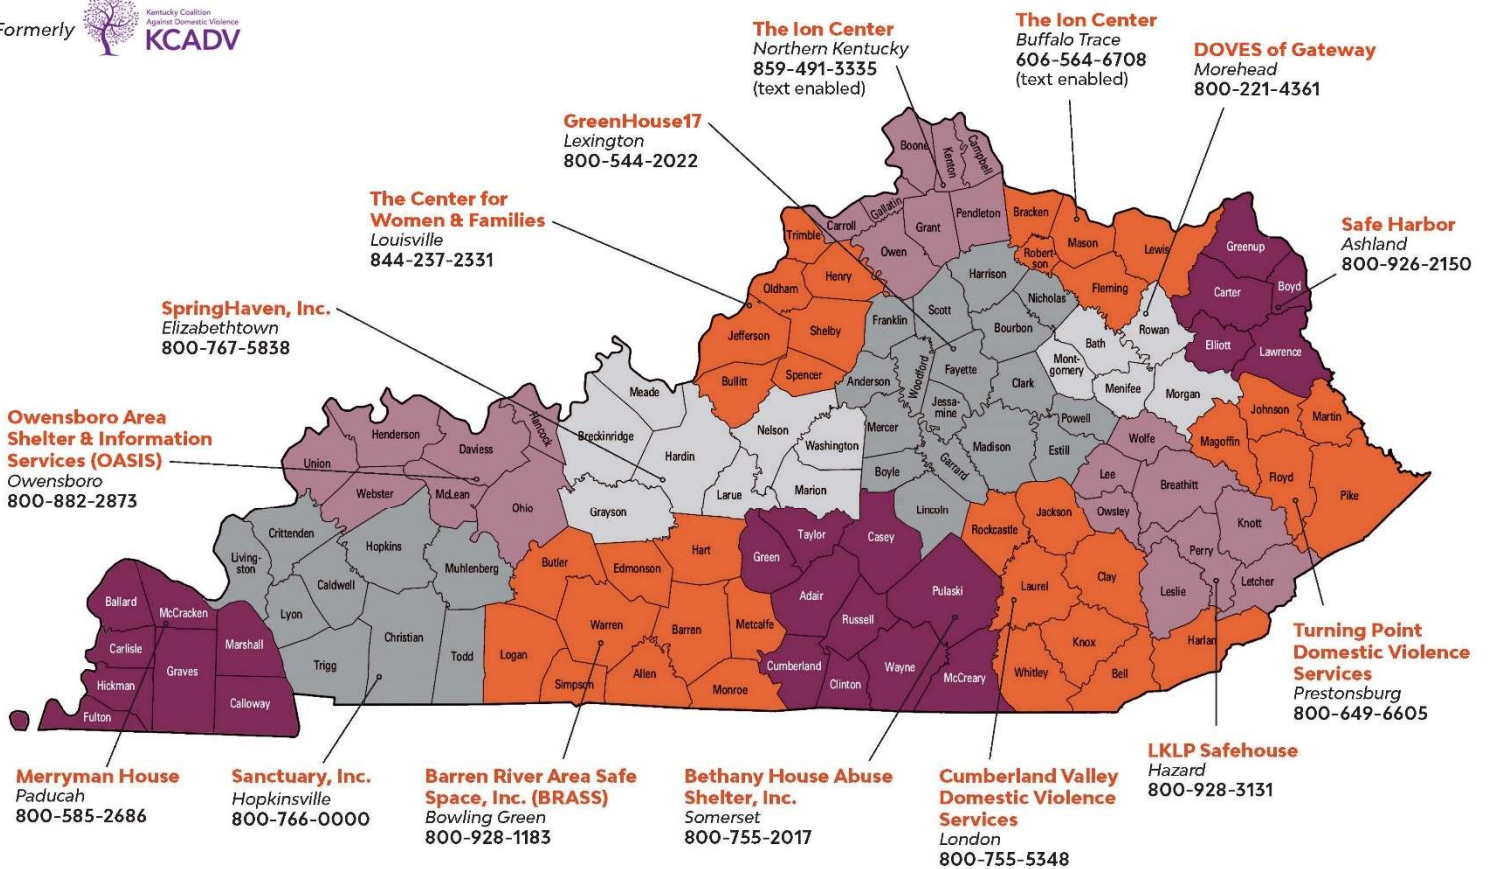

Pursuant to [KRS 209A.122](#), ZeroV may produce a report of best practices and recommendations for public policy by November 1 of each year to aid in future data collection practices. On November 1, 2023, ZeroV released its inaugural [Best Practices and Policy Recommendations](#) report to aid in future data collection practices for future reports.

ZeroV has provided additional domestic violence-related statistics that go beyond statutory requirements. This supplemental data can be found in Tables 19 and 23.

Definitions and Disclaimers

The category “Children” includes any minor receiving services. It consists of the minor (age 0-17) dependents of a survivor if the children are also receiving services (most likely in shelter). It also includes minor survivors of dating violence receiving services. Typically, ZeroV programs do not shelter minors who are survivors of dating or domestic violence who are still living with their parent/guardian.

Adult dependents (e.g., an adult child with a disability) of the survivor receiving services (typically in shelter) are counted as adults. An adult dependent who is a victim of domestic violence or dating violence and receiving services is counted as an adult.

“Unmet Requests for Shelter” are the number of unmet requests for shelter due to program shelter, safe homes, or sponsored hotel rooms being at capacity or unavailable. The count includes adult victims of domestic violence only and does not include individuals who were not served because their needs were inappropriate for the services of the program (e.g., homelessness not related to domestic violence). The count does include the total number of times requests for shelter were declined, even if the program provided other services to the requestor.
