## Executive Summary

Pursuant to [KRS 209A.122](#), the Justice and Public Safety Cabinet's (JPSC) Criminal Justice Statistical Analysis Center (CJSAC) is required to collect data on domestic violence fatalities, domestic violence and dating violence. In accordance with this statute, CJSAC must produce an annual report and submit it to the following entities: the Governor, the Cabinet for Health and Family Services (CHFS), the Interim Joint Committee on Judiciary, the Interim Joint Committee on Families and Children, the Legislative Research Commission and ZeroV. This report fulfills that obligation.

The annual Domestic Violence Data Report<sup>1</sup> reflects the ongoing efforts of the Beshear-Coleman administration to enhance the quality, clarity and accessibility of domestic and dating violence data. Law enforcement, the judicial system, and state domestic and sexual violence coalitions continue to work diligently to hold abusers accountable and support victims and survivors across the commonwealth.

In calendar year (CY) 2024, there were:

- **32,899** electronic JC-3 forms related to domestic and/or dating violence and abuse filed by law enforcement, showing no significant change (0.04% increase) from CY 2023 when there were 32,885 eJC-3s filed<sup>2</sup>.
- **7,964** arrests resulted from those cases in which a domestic/dating violence JC-3 was filed, representing a 2.64% increase from the 7,759 arrests made in CY 2023.
- **17,023** emergency protective orders (EPO) and temporary interpersonal protective orders (TIPO) were served by law enforcement, compared to the 17,036 served in CY 2023 (0.08% decrease).
- **4,088** convictions for Assault 4<sup>th</sup> Degree Domestic Violence, compared to 4,196 in CY 2023 (2.57% decrease).
- **100** convictions for Assault 4<sup>th</sup> Degree Domestic Violence 3rd or Greater Offense in 5 Years, compared to 110 in CY 2023 (9.09% decrease).
- **82** convictions of Assault 2<sup>nd</sup> Degree Domestic Violence, compared to 105 in CY 2023 (21.90% decrease).
- **12** convictions for Assault 1<sup>st</sup> Degree Domestic Violence, representing no change in the 12 convictions in CY 2023.

<sup>1</sup> Previous years' reports can be found on the [JPSC Criminal Justice Statistics Reports](#) page.

<sup>2</sup> The CY 2023 number noted here is slightly different than the number reflected in the 2023 DV Data Report because these counts reflect a "point in time" and will vary slightly depending on when the query is performed. The number of eJC-3s for CY 2022 and CY 2023 were re-run on 6/4/2025, and the number of arrests for CY 2022 and CY 2023 were re-run on 6/5/2025.

- **14,187** reports of alleged child abuse/neglect to CHFS that also included intimate partner violence in CY 2024.
- **15,386** individuals received services from ZeroV's 15 regional domestic violence programs, an increase of 1.88% from the 15,104 individuals served in CY 2023.
- **23,023** crisis/hotline calls to ZeroV's 15 regional domestic violence programs, a slight decrease of 1.53% from 23,381 in CY 2023.

## Introduction

Domestic violence (DV) is a pervasive and underreported issue throughout the commonwealth that touches every aspect of the criminal justice system. It is a crime that spans backgrounds, demographics and lived experiences. It takes many forms, including physical, sexual, financial and emotional violence. Domestic violence negatively impacts not only those who have been directly subjected to the violence, but also family members, peers and the community. Children, in particular, are vulnerable to its effects. Frequent exposure to violence increases their likelihood to experience various social and physical problems and increases their risk of becoming perpetrators and victims of domestic violence (OVW, 2025).

Despite its impact, only a portion of these incidents are captured by the criminal justice system. The 2023 National Crime Victimization Survey revealed that less than half (47.7%) of domestic violence violent victimizations (defined as instances of rape or sexual assault, robbery, aggravated assault and simple assault by current or former intimate partners or family members) were reported to the police. In the same year, less than a quarter (22.6%) of intimate partner violence victims received assistance from service providers. Thus, the true prevalence and impact of domestic violence goes far beyond the scope of the data captured within this report. Limited or inaccurate data can detrimentally impact services that are available to survivors and victims, as well as critical funding decisions, targeted investments, and a general understanding of the issue.

Research from the Centers for Disease Control and Prevention's National Intimate Partner and Sexual Violence Survey shows that 44.5% of women and 32.9% of men in Kentucky have experienced contact sexual violence, physical violence and/or stalking by an intimate partner during their lifetime and experienced an intimate partner violence-related impact (Smith, 2023). Intimate partner-related impacts include being fearful or concerned for safety; any post-traumatic stress disorder symptoms; injury; need for medical care, housing services, victim advocate services and/or legal services; missing at least one day of work or school; and/or contacting a crisis hotline.

In Kentucky, while progress continues, challenges remain, particularly when analyzing data sourced from multiple systems designed for varying purposes. Each contributing organization uses different data management systems, operates with differing definitions of *domestic violence*, and uses different terminology to describe similar concepts.

Another significant challenge is accurately measuring and describing domestic violence fatalities in Kentucky. [KRS 209A.122](#) defines "domestic violence fatalities" as "deaths that occur as a result of domestic violence and abuse or dating violence and abuse, and includes, but is not limited to homicides, related suicides, and corollary victims." However, there is currently no formal statewide surveillance system for identifying and tracking these fatalities as defined by the statute. As a result, this report cannot provide a definitive count of Kentuckians who have died due to domestic or dating violence.

In 2024, JPSC established and staffed a Domestic Violence Program Specialist position within CJSAC to enhance data collection efforts and promote the implementation of evidence-based

practices within the justice system. The creation of this position underscores the cabinet's ongoing commitment to ensuring the safety and well-being of all Kentuckians, particularly children and families affected by violence and abuse. JPSC aims to utilize insights from this report and similar analyses to strengthen systemic responses and improve outcomes for victims and survivors of violence.

The following agencies provided data for the report: the Kentucky State Police, the Administrative Office of the Courts, the Cabinet for Health and Family Services and ZeroV.

Since taking office, Gov. Andy Beshear has made it a top priority to increase public safety and support victims of crime in the commonwealth.

The Governor has championed victims of crime and sexual abuse since his first day as attorney general, and he continues to do so in the Governor's Office. As attorney general, Beshear's office created the Office of Child [Abuse and Human Trafficking Prevention and Prosecution](#), created the Survivor's Council and arrested a historic number of child predators. Since becoming Governor, the Beshear-Coleman administration has awarded more than \$149 million in grant funding to victim service agencies across the commonwealth. The Governor has also signed legislation to [make sexual extortion a felony](#) and strengthened statutory language to [include other forms of abuse and sexual exploitation of minors](#).

Gov. Beshear signed [Senate Bill 271](#) and [House Bill 535](#) in 2022 requiring the collection and analysis of data related to domestic violence in the commonwealth, including domestic violence arrests, domestic violence shelter use and reports of child abuse.

Since day one, the Beshear-Coleman administration has advocated for survivors and their families so Kentucky's communities are made safer, and each Kentuckian can be safe and feel safe at home, work and school.

## About the Report

The Criminal Justice Statistical Analysis Center is located within the Justice & Public Safety Cabinet and is required by statute ([KRS 209A.122](#)) to collect information on domestic violence fatalities, domestic violence and abuse, and dating violence and abuse within the commonwealth. The data contained within this report represents Calendar Year 2024 (CY 2024): January 1, 2024, to December 31, 2024. Contributing agencies provided the figures contained within this report to CJSAC for compilation and analysis. The original records are maintained by the respective agency.

This project was supported, in whole or in part, by subaward number ARPA-2023-Office o00024 awarded to The Criminal Justice Statistical Analysis Center through the Commonwealth of Kentucky, Justice and Public Safety Cabinet by the United States Department of the Treasury. The opinions, findings, conclusions and recommendations expressed in this report are those of the author(s) and do not necessarily reflect the views of the Commonwealth of Kentucky, Justice and Public Safety Cabinet or the United States Department of the Treasury.

### Updates to the 2024 Domestic Violence Data Report

- Table 1: *Total eJC-3s Filed and Arrests for Incidents with eJC-3s, CY22-CY24* includes previous years' data to allow for a year-over-year comparison. Note that 2022 and 2023 data for this table was queried again at the same time the 2024 data was queried to ensure a consistent point-in-time capture.
- Tables 2-4: *Victim and Perpetrator Gender, Race, and Age Identified in eJC-3s with Arrest, CY24* include demographic information of parties involved.
- Table 12: *Charges Filed in Criminal Cases by Offense Category, CY24* is now grouped into offense categories instead of including each UOR listed separately. The appendix contains the expanded table that includes all charges filed by UOR codes.
- Tables 15 and 16: CHFS CY23 data included all reports to the child and adult abuse hotline that included IPV. This year, CHFS filtered the intakes to include only reports of child abuse/neglect with IPV as required by statute. CHFS performed a new query for the CY23 data, which is included in this report.
- This report incorporates figures to present statewide data.
- This report added a Frequently Used Acronym guide for reference and additional data definitions in the appendix to aid in understanding.

## 2024 Legal and Administrative Updates

### 24RS HB 5

House Bill 5 expanded the definition of “serious physical injury” under [KRS 500.080 \(19\)](#) that previously only applied to children age twelve (12) and under to include “*any person if the relationship between the perpetrator and the victim meets the definition of a family member or member of an unmarried couple as defined in [KRS 403.720](#), or a dating relationship as defined in [KRS 456.010](#).*” With this expansion, some injuries previously considered “physical injury” and prosecuted as misdemeanor assault cases may now be classified as “serious physical injury” and prosecuted as felony assault cases, as defined in [KRS 508.020](#) and [KRS 508.010](#). This could impact the number of charges and convictions in each of these categories.

The definition of “violent offender” under [KRS 439.3401](#) was updated to include persons convicted of a variety of crimes, including strangulation in the first degree, which is an offense that often occurs in the context of domestic violence. This change could result in stricter penalties for those convicted of this offense.

### 24RS HB 436

HB 436 created a new section in [KRS Chapters 403.715 to 403.785](#) and [KRS Chapter 456](#) requiring the appointment of a guardian ad litem (GAL) for any unrepresented minor who is:

- A petitioner in a protective order case who is an alleged victim of domestic violence and abuse, dating violence and abuse, sexual assault or stalking.
- A respondent in a petition for a protective order.

[KRS 456.035](#) also requires these cases involving minors to be confidential. This change impacted the way the protective order data is reported in this report. The AOC Data Description (page 26) contains a full description of the impact of this legislation on court-related data.

### UOR Code Changes

KSP assigns UOR Codes to criminal offenses in the Commonwealth of Kentucky. In 2024, Strangulation 1st Degree ([KRS 508.170](#)) and Strangulation 2nd Degree ([KRS 508.175](#)) were each separated into non-domestic violence and domestic violence-related strangulation charges. In previous years, this distinction was not made. The official list of UOR Codes is available on [KSP’s Crime Data](#) page.

UOR Code	Description	KRS
13223	Strangulation 1st Degree (Non-Domestic Violence)	508.170
13224	Strangulation 1st Degree (Domestic Violence Related)	508.170
13228	Strangulation 2nd Degree (Non-Domestic Violence)	508.175
13229	Strangulation 2nd Degree (Domestic Violence Related)	508.175

### Supreme Court Ruling

Persons with domestic violence protective orders are prohibited from possessing a firearm. The constitutionality of these laws was upheld in United States Supreme Court ruling in [United States v. Rahimi](#), 602 U.S. 680, 144 S.Ct. 189, 219 L.Ed.2d. 351 (2024).

### **JC-3 Form Updates**

In 2024, KSP modified the JC-3 and implemented changes to the KyOPS E-JC3 wizard, printable E-JC3 report and KyOPS Analytics Web Portal. Notable modifications are:

- Changing anywhere in the form that said “child/children” to “minor”
- Changing section title “sex” to “gender”
- Replacing “Domestic violence/abuse” in Nature section to “Domestic violence and abuse”
- Adding “Dating violence and abuse” and “Human trafficking” to Nature section

## Defining Domestic and Dating Violence

CJSAC recognizes the lack of a universally accepted definition of domestic and dating violence across all contributing agencies and its potential impact on data interpretation and comparison. In this section, CJSAC outlines each agency's definition of domestic violence as it relates to their data collection and interpretation. The different frameworks influence the scope of responses and services. While statute offers a narrower definition of domestic violence behavior, it covers a wider range of relationships than the term intimate partner violence. Consequently, Domestic Violence Orders (DVO) and criminal charges like Assault 4th Degree Domestic Violence extend beyond intimate partner violence, potentially involving broader relationships such as parent-child. Conversely, intimate partner violence does not include all relationships defined as domestic violence by law, but it covers a wider spectrum of conduct. One of the primary goals of the report is to provide a comprehensive overview of domestic violence in the commonwealth through the collective efforts of the contributors. This section seeks to provide greater cohesion to the report to achieve this goal.

### Domestic Violence and Abuse

For the purposes of this report, KSP and AOC adhere to the statutory definition of domestic violence and abuse under [KRS 403.720\(2\)](#):

- (a) *Physical injury, serious physical injury, stalking, sexual assault, strangulation, assault, or the infliction of fear of imminent physical injury, serious physical injury, sexual assault, strangulation, or assault between family members or members of an unmarried couple; or*
- (b) *Any conduct prohibited by KRS 525.125, 525.130, 525.135, or 525.137, or the infliction of fear of such imminent conduct, taken against a domestic animal when used as a method of coercion, control, punishment, intimidation, or revenge directed against a family member or member of an unmarried couple who has a close bond of affection to the domestic animal;*

This definition applies to **family members** or **members of an unmarried couple**, which is defined in 403.720(3) and 403.720(6) as:

- (3) *"Family member" means a spouse, including a former spouse, a grandparent, a grandchild, a parent, an adult sibling, a child, a stepchild, or any other person living in the same household as a child if the child is the alleged victim;*
- (6) *"Member of an unmarried couple" means each member of an unmarried couple which allegedly has a child in common, any children of that couple, or a member of an unmarried couple who are living together or have formerly lived together;*

Individuals meeting the above definition would potentially be eligible for an Emergency Protective Order and Domestic Violence Order.

### Dating Violence and Abuse

Similarly, KSP and AOC operate using the statutory definition of dating violence and abuse as defined in [456.010\(2\)](#):

- (a) *Physical injury, serious physical injury, stalking, sexual assault, strangulation, or the infliction of fear of imminent physical injury, serious physical injury, sexual abuse,*

- strangulation, or assault occurring between persons who are or have been in a dating relationship; or*
- (b) *Any conduct prohibited by KRS 525.125, 525.130, 525.135, or 525.137, or the infliction of fear of such imminent conduct, taken against a domestic animal when used as a method of coercion, control, punishment, intimidation, or revenge directed against a person with whom the perpetrator is or has been in a dating relationship, when that person has a close bond of affection to the domestic animal;*

This definition applies to **persons who are or have been in a dating relationship**, which KRS [456.010\(1\)](#) defines as:

- (1) *“Dating relationship” means a relationship between individuals who have or have had a relationship of a romantic or intimate nature. It does not include a casual acquaintanceship or ordinary fraternization in a business or social context.*

Individuals meeting this definition would potentially be eligible for a Temporary Interpersonal Protective Order/Interpersonal Protective Order.

### **Intimate Partner Violence**

CHFS, in contrast, reports on domestic violence data using the [Centers for Disease Control and Prevention’s](#) more targeted definition of **intimate partner violence**:

*“Abuse or aggression that occurs in a romantic relationship. Intimate partner refers to both current and former spouses or dating partners.”*

### **Service Providers**

The specific definitions of services and the data points provided by ZeroV and member programs are largely constructed by federal law, regulatory policy and grant conditions that govern ZeroV’s funding sources. The definitions for the data provided from ZeroV for this report come from the federal Office of Family Violence and Prevention Services, which oversees the [Family Violence Prevention and Services Act \(FVPSA\)](#) funding. FVPSA defines **domestic and dating violence** as:

*“Any act, threatened act, or pattern of acts of physical or sexual violence, stalking, harassment, psychological abuse, economic abuse, technological abuse, or any other form of abuse, including threatening to commit harm against children or dependents or other members of the household of the recipient of the threat for the purpose of coercion, threatening, or causing harm, directed against individuals who are related by marriage or blood, formerly married, cohabitating, formerly cohabiting, have a child in common or are or were dating.”*

These definitional differences are essential to acknowledge. Not all harmful or abusive behavior meets the threshold for criminal charges or protective orders. For example, behaviors such as restricting access to privacy or sleep, micromanaging daily activities, threatening suicide or

consistently undermining one's parenting are profoundly damaging. While these behaviors fall under many community-based organizations' definitions of domestic violence, such as those used by ZeroV, they may not be recognized as domestic violence in a legal context. Conversely, individuals who are victims of crimes categorized legally as domestic violence may not meet the criteria for services at organizations that focus on intimate partner abuse.

## Kentucky State Police

Per [KRS 209A.122](#), the Kentucky State Police shall provide the center with:

- (a) The number of domestic violence and abuse and dating violence and abuse calls for service to which the Kentucky State Police and associated law enforcement agencies responded; (**Table 1**)
- (b) The number of arrests by Kentucky State Police and associated agencies in response to calls of domestic violence and abuse or dating violence and abuse; (**Table 1**) and
- (c) If an arrest was made, the arresting offense charged by Kentucky State Police or associated law enforcement agencies. (**Appendix A**)

Separately, using data contained within the Law Information Network of Kentucky (LINK), the Kentucky State Police shall provide the Center with the:

- (a) Number of orders of protection received to be served by law enforcement agencies;(**Table 5**)
- (b) Number of orders of protection served by law enforcement agencies; (**Table 5**)
- (c) Number of orders of protections in LINK; and
- (d) Average time for actual service to be returned. (**Table 5**)

## About KSP

The Kentucky State Police is a department of the Kentucky Justice & Public Safety Cabinet and the official State Police Force of the Commonwealth of Kentucky responsible for statewide law enforcement.

The JC-3 form<sup>3</sup>, as outlined in [KRS 15A.190](#), was created as a mechanism to support victims of domestic violence. A law enforcement officer who responds to a report of domestic or dating violence uses the JC-3 to document any information or injuries. In addition to completing the JC-3, the officer provides the victim with community support resources. The law enforcement officer's agency of employment maintains record of the JC-3.

This report uses the JC-3 as a mechanism to track domestic and dating violence-related calls for service. It is important to note that the following set of data reflects the counts of the electronic JC-3 forms. This data is housed within the KSP records management system, KyOPS. There are still a small number of paper JC-3 forms, but this data is not fully captured within KyOPS for the purpose of analysis.

---

<sup>3</sup> See Appendix C for a sample JC-3 form

KSP uses the Law Information Network of Kentucky (LINK) to collect, classify and maintain information useful for the detection of crime and the identification, apprehension and conviction of criminals.

The KyOPS e-Warrants system populates LINK with Emergency Protective Orders and Temporary Interpersonal Protective Orders. KyOPS e-Warrants is the web portal for the enterprise electronic warrant repository for the Commonwealth of Kentucky. This repository has all the functionality necessary to capture, store, file, distribute, process and securely access electronic warrants of varying types, both received by and created by jurisdictions within the Commonwealth. For the purposes of this report, KyOPS e-Warrants provides data in Table 5 on orders of protection received and served by KSP.

## Data Description

This report contains data queried from KyOPS and KyOPS e-Warrants.

All JC-3s referenced in this report are electronic JC-3 forms that have “Domestic Violence and Abuse” (as defined in [KRS 403.720](#)) and/or “Dating Violence and Abuse” (as defined in [KRS 456.010](#)) marked as the *Nature*. Instances of JC-3 issuance that do not co-occur with “dating violence and abuse” or “domestic violence and abuse”, such as some cases of human trafficking; child abuse, neglect and dependency; and the abuse, neglect or financial exploitation of vulnerable adults who have a disability and cannot protect themselves are excluded from the report.

KSP Drug Enforcement Special Investigations (KSP DESI) investigates cases involving narcotics. Due to the sensitive and confidential nature of these cases, any cases involving a JC-3 under active investigation by KSP DESI are excluded from this report.

[KRS 209A.122](#) lists the “number of orders of protection in LINK” as a requirement of this report. As a dynamic and constantly changing count, the numbers of all orders of protection in LINK are not easily reported. This value is best represented by the number of EPOs and TIPOs received and served, as seen in Table 5.

## Statistical Analysis Considerations

- These statistics represent a snapshot in time as of the date the data was queried.
- A single party may be involved in one or more cases.
- A single arrest case may have one or more charges.
- Arresting offense charge reflects circumstances at the time of arrest but does not reflect case outcomes.

\* CY22-23 values will vary from previous reports published due to the narrowing of the scope from ALL eJC-3s to only eJC-3s marked "Domestic Violence and Abuse" and/or "Dating Violence and Abuse", and because these counts reflect a point in time and will vary depending on when the query is performed.

All percentages (%) are rounded up to the nearest hundredth (0.01)

Due to rounding, percentages may not add up to exactly 100%

Percentages are found by  $(ADDTotal \div StatewideTotal) * 100$

## About AOC

The Administrative Office of the Courts (AOC), as the administrative arm of the Kentucky Court of Justice, supports court facilities and programs in the commonwealth. The AOC is responsible for maintaining the court statistics through a statewide case management database.

## Data Description

To allow for the creation of the annual report specified in [KRS 209A.122](#) by CJSAC, AOC Research & Statistics provides CJSAC with pre-aggregated data as described below reflecting the relevant civil and criminal cases related to Domestic Violence or Interpersonal Protection (DV/IP) in CY24. A complete list of definitions and data descriptions for this section are found in Appendix E and F.

CourtNet, which provides a summary of court cases statewide, was queried separately for the criteria listed below:

- *Civil Cases Filed*: Domestic Violence and Interpersonal Protection cases (Case Number Type *D*) filed from 1/1/2024 to 12/31/2024. Expunged and non-applicable case types were excluded.
- *Civil Cases Disposed*: Domestic Violence and Interpersonal Protection Cases (Case Number Type *D*) disposed from 1/1/2024 to 12/31/2024. Expunged and non-applicable case types were excluded. Case disposition type “Transferred” was excluded in the data tables included in this report. Appendix D includes a chart outlining the case dispositions.
- *Criminal Cases Filed*: Criminal or Juvenile Cases filed from 1/1/2024 to 12/31/2024 including at least one of the UOR Codes. Criminal Cases include Case Number Types *CR* (Circuit Criminal), *F* (Felony), *M* (Misdemeanor), *T* (Traffic). Juvenile Cases include Case Number Type *J*. Expunged and non-applicable case types were excluded.
- *Criminal Charges Disposed*: Charges disposed from 1/1/2024 to 12/31/2024 of those within Criminal or Juvenile Cases. Expunged and non-applicable case types were excluded.

For all civil cases identified in the first two queries, an additional query was performed to identify the presence of any documents with the following Document Types within the resulting cases:

Document Code	Description
<b>OEP</b>	Order for emergency Protection
<b>TIPO</b>	Temporary Interpersonal Protection Order
<b>ODV</b>	Order of Domestic Violence
<b>IPO</b>	Interpersonal Protective Order
<b>ODVD</b>	Order – Domestic Violence – Dismissed
<b>ODIS</b>	Order Dismissing

### Update to 2024 Report Regarding Confidential and Sealed Cases

Following the implementation of changes from [24RS HB436](#), the Kentucky Court of Justice modified case management procedures to have civil Domestic Violence and Interpersonal Protection cases involving minors to be confidential by configuring these cases to use the *Confidential* division code when newly filed. Starting with the CY 2024 report, cases using the *Confidential* division code were added to the underlying queries. Most cases using this division code are cases that have been filed since the implementation of 24RS HB436, but some older cases have also been modified to use the *Confidential* division code. While making these edits,

sealed cases – which use the *Sealed* division code, were also added to the queries starting with the CY 2024 report.

A small number of sealed cases were excluded from the CY 2022 and CY 2023 reports, though many of the sealed cases indicated below were sealed after these reports were published. The addition of confidential cases to these queries are unlikely to affect comparisons between the CY 2024 report and prior reports as use of the *Confidential* division code prior to HB436 was limited to a very small number of errors.

### **Statistical Analysis Considerations**

- These statistics represent a snapshot in time as of the dates the data was queried.
- A single party may be involved in one or more cases within a period of time.
- A single criminal case may have one or more charges.
- Counts of charges include all original or amended charges of the indicated offense.
- Information received from KYCourts/CourtNet is subject to change at the direction of AOC and may not reflect the true status of court cases due to standard limitations. For additional information, please refer to the AOC Research and Statistics Disclaimers (Appendix G).

## Cabinet for Health and Family Services

Per [KRS 209A.122](#), the Cabinet for Health and Family Services shall provide the center with:

- (a) The number of reports of alleged child abuse made to the cabinet through an adult or child abuse hotline in which there were also allegations of domestic violence; (**Table 16**) and
- (b) Domestic violence and abuse and dating violence and abuse shelter statistics reported to the cabinet, including but not limited to the:
  1. Number of minors served in shelter; (**Table 17**)
  2. Number of minors served in non-shelter services; (**Table 18**)
  3. Number of adults served in shelter; (**Table 17**)
  4. Number of adults served in non-shelter services; (**Table 18**)
  5. Demographics, including age and race; (**Table 17; Table 18; Table 19; Table 20**)
  6. Number of crisis or hotline calls; (**Table 22**)
  7. Number of minors receiving:
    - a. Crisis intervention; (**Table 23**)
    - b. Victim advocacy services; (**Table 23**) and
    - c. Individual or group counseling or support group; (**Table 23**) and
  8. Number of adult victims receiving:
    - a. Crisis intervention; (**Table 24**)
    - b. Victim advocacy services; (**Table 24**)
    - c. Individual or group counseling or support group; (**Table 24**)
    - d. Criminal or civil legal advocacy; (**Table 24**)
    - e. Medical accompaniment; (**Table 24**) and
    - f. Transportation services (**Table 24**)

ZeroV provided additional data that goes beyond statutory requirements. Table 21, Table 22 and Table 25 include supplemental data on services provided by ZeroV.

## About CHFS

The Cabinet for Health and Family Services (CHFS) serves as the primary state agency that oversees the majority of the commonwealth's human services and healthcare programs. CHFS provides and supports a range of services including Medicaid, child and adult protection, foster care and adoption, public health initiatives, behavioral health and aging and independent living services.

## Data Description

CHFS Department for Community Based Services (DCBS) does not investigate reports alleging domestic violence unless a child is involved in the incident.

The data element reflected in this report was queried from the Comprehensive Child Welfare Information System (CCWIS), known in Kentucky as The Worker's Information System (TWIST). The data element asks: "Is this intake an Intimate Partner Violence? (Intimate Partner Violence is abuse or aggression that occurs in a romantic relationship. Intimate partner refers to both current and former spouses or dating partners)." On April 22, 2023, CHFS implemented this element into TWIST. Therefore, for 2023, DCBS can only report data from April 22, 2023 – December 31<sup>st</sup>, 2023. The 2024 data includes the full calendar year.

In reviewing the data for the 2024 Domestic Violence Data Report, CHFS determined that overreporting occurred in the 2023 Domestic Violence Data report. When CHFS extracted the 2023 data for last year's report, CHFS filtered the extract to include reports for both children and vulnerable adults.

In this report, CHFS corrected the extract to include only reports of child abuse and neglect. CJSAC includes two data tables for this section: a correction of the 2023 dataset and the 2024 dataset.

CHFS filtered the intakes to include only the intake types: child protective services or unassigned intakes that had an allegation of abuse/neglect. CHFS defines child and adult abuse hotlines to include all sources of abuse reports to the cabinet, including but not limited to the child and adult abuse hotline, web portal reports, JC-3s, mail and protective order petitions.

Additionally, CHFS clarified the description of geography for the 2023 and 2024 datasets. The 2023 dataset (in both the 2023 and 2024 Domestic Violence Data Reports) is geographically reported by the location of the CHFS Central Intake Worker processing the report. In 2024, a new data element added to the TWIST system allowed CHFS to report geographically by the location of the family.

## About ZeroV

ZeroV is the statewide coalition whose mission is to abolish the social conditions and systems that spark, enable and amplify intimate partner violence and to create communities where all Kentuckians can live and thrive in safety and peace. For more than 28 years, ZeroV has been the pass-through agency for the distribution of federal and state funding that comes to the Cabinet for Health and Family Services for the provision of shelter and supportive services to survivors of domestic violence. Pursuant to [KRS 209A](#), and regulated by [922 KAR 5:040](#), ZeroV ensures the state-designated shelter programs are in compliance with programmatic and financial requirements and serves as a data collection and reporting agency for demographic and service statistics in all of Kentucky's 120 counties. ZeroV also provides direct housing services to survivors through its nationally recognized program.

## Data Description

The specific definitions of services and the data points provided by ZeroV and member programs (and that are reported to CHFS throughout the fiscal year) are largely constructed by federal law, regulatory policy and grant conditions that govern ZeroV's funding sources. These definitions are found in the ZeroV Data Book in the Appendix H.

The data provided by ZeroV only represents those survivors who reached out to designated program members for services. Research suggests that domestic violence remains underreported, especially amongst minority populations, to both law enforcement and domestic violence program service providers.

While all domestic violence is important to take seriously and consider as potentially lethal, the data provided does not capture the severity of abuse a survivor seeking services experienced.

Pursuant to [KRS 209A.122](#), ZeroV may produce a report of best practices and recommendations for public policy by November 1 of each year to aid in future data collection practices. On November 1, 2024, ZeroV released its Best Practices and Policy Recommendations report to aid in future data collection practices for future reports.

### Research and Statistics UOR Code Disclaimer

The Kentucky State Police (KSP) assigns the Kentucky Uniform Crime Reporting Codes (UOR Codes) to criminal offenses in the Commonwealth of Kentucky. The KSP official list of UOR Codes by KRS number and descriptor can be obtained at the KSP's website at [www.kentuckystatepolice.org](http://www.kentuckystatepolice.org). The AOC assigns and maintains codes that are used within the Court of Justice Case Management System for statistical and reporting purposes. These codes are used to identify local and city ordinances, as well as codes for general administrative purposes. The AOC official list of UOR Codes with KRS number and descriptor can be obtained at the Court of Justice Website at [Analytics - Kentucky Court of Justice](#). The AOC UOR Code Listing is for informational purposes only and the information is subject to change, reprogramming, modifications of format, and availability at the direction of the Administrative Office of the Courts (AOC).

A query for data based on specified charges will include each UOR code specified and possible supplemental codes. Supplemental codes (or "ASCF" codes) to any UOR code include: 1) attempt, 2) solicitation, 3) conspiracy, 4) facilitation, 5) complicity, and 6) enhancement. In total, UOR codes contain seven digits. The first six digits are specific to that charge. The seventh digit indicates if there is a supplemental code. A "0" as the seventh digit means that is the primary UOR code and it does not have a supplemental code. If there are supplemental codes, the "0" will change to a 1, 2, 3, 4, 5, or 6 (the numbering corresponds to the list above). An enhancement does not exist on all UOR codes. When a supplemental code does not appear within a dataset, charge(s) did not occur during this period. The presence of \*obs\*" within the description of a UOR code indicates an obsolete UOR code. However, the code is still present within the KYCourts/CourtNet database and may still be utilized. Not every UOR code included in the query will have charges associated with it in each calendar year examined. Some cases may contain multiple charges; therefore, charge counts may exceed case counts. The number of cases cannot be inferred as the number of individuals as multiple cases may have the same defendant.
